Attn: OT Challenge Hike
406 West High Street
Potosi MO 63664

or email to: otchallengehike@ozarktrail.com

Thank You!

THE OZARK TRAIL & OTA

There are over 400 miles of the Ozark Trail to explore. Stand on Taum Sauk Mountain, the state's highest spot. Gaze over Big Spring, North America's largest. Watch beavers build a lodge or visit a herd of wild horses. The Ozark Trail can show you the way to hardwood forests, crystal-clear streams, sheer bluffs and rocky balds. It's all right here in Missouri's rugged backyard. A quick walk in the woods with the kids, weeks of hardcore through-hiking, epic mountain biking or a quiet ride on horseback - the Ozark Trail has it all.

Growing and managing a recreation trail takes many hands. The Ozark Trail Association (OTA) is a community of people passionate about conserving the great outdoors for the next generation. The Adopt-A-Trail volunteers help maintain the trail in top shape. Certified sawyers use chainsaws to keep the trail corridor open. Volunteers manage our events, coordinate trail planning and promote the Ozark Trail. There's something for everyone!

We appreciate your support of the OT Hike & Float Challenge!

Our mission: to develop, maintain, preserve, promote, and protect the rugged, natural beauty of the Ozark Trail
